

# Cholmondeley Pageant of Power A Celebration of Power and Speed

## 17-18 July 2010

TVRCC are delighted to announce that we will be attending the Cholmondeley Pageant of Power, and we would like you to join us!

This will be the third festival at Cholmondeley Castle, Cheshire that blends high-octane action on track, water and air – a celebration of speed, nerve and flair with exceptional design and engineering.

Collections of delectable contemporary and historic racing cars and bikes have been invited to compete on the demanding Cholmondeley Circuit. The classes comprise Le Mans and Grand Prix cars plus aero-engined fire spitters and classic rally cars. The bikes will feature a strong TT pedigree in addition to production superbikes. The public will have the chance to see exceptionally rare and valuable vehicles racing with famous names behind

the wheel.

On the water, powerboat action will include the powerful Formula 2 and 4 classes, together with 400cc ISO Seniors and Thundercats as part of the international racing circuit. In the air, a wealth of helicopters will be joined by the Breitling display team and a host of other stunning aerobatic exhibitions.

The weekend will also include a Fireworks Concert and Military Tattoo on Saturday evening. As a tribute to HM Forces the event will be proudly supporting Help for Heroes. Displays and attractions will include the stunning Concours d'Elegance, a colossal car club enclosure, off-roading, children's activities, bars and a shopping village.

If you want to stay for the wonderful concert, it provides a wonderful conclusion to the opening day of the Pageant of Power as well as a fantastic evening of entertainment for those who simply enjoy the exceptional setting, spectacular fireworks and emotive music which all contribute to the 'Last Night of the Proms' atmosphere.

Last year's Military Tattoo theme proved so popular it will be repeated for 2010 and expand on 2009 in which Manchester Camerata Orchestra performed pieces from Ride of the Valkyries (Wagner), 633 Squadron (Ron Goodwin), Star Wars (John Williams) and Dambusters (Eric Coates). Also performing were Military Marching Bands, Pipers on the Castle Roof, Pipes and Drums and perhaps the highlight – real cannon fire accompanying Tchaikovsky's 1812 Overture.

### TVRCC Dedicated Club Parking

In addition your ticket will entitle you to exclusive club parking, but this is strictly on a confirmed basis only. If you would like to display your car, we need you to let us know no later than FRIDAY 28th MAY 2010. All other cars will be sent to the public car park. The car park is open from 6.30am and the organisers require clubs to be set up by 8am and so we strongly recommend you arrive in good time. Late arrivals cannot be guaranteed to have access to the allocated TVRCC pitch.

**To confirm you club parking space, please contact:**
